BRIEF ABSTRACT OF LETTER.

States that the present 2nd Class Travellers' Bungalow at Chikballapur is incommodious to the growing needs of the travelling public and solicits orders for constructing a new T. B on a modern design on a site (No. 1 in the enclosed sketch) in the Extn, the present building being made available for use as Quarters for the Lady Apothecary of the Female Dispensary at the place.

NOTES AND ORDERS.

The Deputy Commr says that it has become necessary to provide quarters for the Lady Apothecary and that the late Senior Surgeon and Sanitary Commr Lt Col J. Smyth, expressed his fullest concurrence in the Travellers' Bungalow at the place being used for that purpose

The cost of this building, the D. C. says, the Provincial, District and Municipal Funds would contribute in due course and that this will have to be supplemented by a grant being provided in the next year's P.W. Budget for putting the construction of the new Travellers' Bungalow in hand. Early orders are solicited in the matter, as great difficulty is stated to be experienced for housing the Lady Apothecary.

SERIAL No. 15

To

C. S. Balasundaram Iyer, Esqr, B.A.,

Offg. Secretary to the Government of

His highness the Maharaja of Mysore,

General and Revenue Departments,

Bangalore.

Sir,

With reference to Government Proceedings No.10855/ L.R. 11-08-288 dated the 23rd June 1909, sanctioning the acquisition of certain survey numbers of the Vabasandra village in Chikballapur Taluk, for the extension of the Chikballapur Town, etc., I have the honour to state that the said properties were all acquired at a compensation of Rs.10,816 and sites allotted for several purposes as shown in the accompanying sketch.

Ref^ce file not forthcoming

2. A private building standing on site No.2, and contiguous to the present 2nd Class Travellers' bungalow, was acquired for the purpose of locating a Female Dispensary therein, for which the townspeople were urging for a long time, and while acquiring the said property for the dispensary, a suitable house for the Lady Apothecary was also thought of; but no house of any kind could be had in the Town or near the Dispensary for love or money. It was, therefore, contemplated at the time, at the request of and with the fullest concurrence of the then Senior Surgeon and Sanitary Commissioner, Col.John Smyth, I.M.S., to convert the present incommodious Travellers' bungalow into the Lady Apothecary's quarters, with such modifications as may be necessary, which would be so advantageous to the Lady as well as the Dispensary, both buildings being contiguous to each other, and build a new Travellers' bungalow on modern standard design on the site North of the Female Dispensary, which was specially reserved for the purpose.

x Vide para 5 of my letter No.C.495 dated 6th April 1909, to Govt.

3. Chikballapur is a busy Town growing in importance, and

with the hill station of Nandi close by, the present 2nd Class Travellers' bungalow, with its only two suits of rooms, has been found to be hardly sufficient to meet the requirements of the travelling public, from whom complaints have been frequent. And with the advent of the railway to the Town, a more commodious and decent Travellers' bungalow on the modern design has to be built early for the convenience of the public. The only suitable place for such a building is site No.1, shown in the accompanying sketch, which has been specially selected for the new Travellers' bungalow and reserved therefor, being on a high ground and amidst other public buildings, Viz., the Sub Divisional Officer's quarters, the Female Dispensary, the Lady Apothecary's Quarters, the Munsiff's Court, the Taluk Cutcherry and the Sub Divisional Officer, etc., close by which, it would be very inconvenient and undesirable to allow any other private buildings or private rights to spring up.

4. There is also a small tiled house in the North-Western corner of this site, which has also been specially acquired for being eventually used as Native kitchen for the new Travellers' bungalow. When the temporary Additional Munsif Court at Chikballapur was opened, as no other building could be found for locating it, at the request of the Chief Court, this tiled building was, with sundry small repairs, made available temporarily for holding the Court.

5. The Female Dispensary has now been opened, and with the arrival of the Lady Apothecary, the difficulty for housing her has again stared us in the face, with the result that, as temporary measure, she has been allowed to occupy one of the rear rooms in the Dispensary itself, to the great inconvenienc of herself and the public. This arrangement cannot continue long, without complaints from the patients and the Public who will begin to resort to the institution in large numbers, in this busy and important Town, and it is, therefore, advisable to construct the new Travellers' bungalow without any loss of

time, so as to make available the present one for the Lady Apothecary's Quarters, the Provincial, Municipal and District Funds contributing towards the cost of it in due course.

6. All that is now needed is a new 2nd Class Travellers' bungalow (so designed as to admit of eventual additions etc., to expand it to a 1st Class bungalow when needed), which may be put in hand at once, with the contributions from the District and Municipal Funds above referred to, the extra amount required for the construction being provided for in the next year's Public Works Department budget.

7. As the matter is most pressing and urgent, I request that you may be so good as to obtain the orders of Government for the construction of a new Travellers' bungalow in exchangeof the present one, to be made available for the Lady Apothecary's Quarters.

8. Favour of very early action is solicited.

GPB—1,500—4-3-12

Docket No. 4809 dated the 17th August 1912, from the Superintending Engineer, Northern Circle, to the Chief Engineer of Mysore, Bangalore

---

With reference to your No. 2914 dated 13th April last, calling for a report in the matter of converting the 2nd class Traveller's Bungalow at Chickballapur into quarters for the Lady Apothecary at that place and constructing a new one instead on the modern design, I have the honour to state that the present Traveller's Bungalow appears to have been originally constructed long long ago- i.e., in 1842, although subsequent additions appear to have been made in more recent years.

2. As the original design itself was rather defective and as there is not sufficient space for marking necessary additions in the compound, it is feared the building will not be comfortable and in keeping with a rising place like Chickballapur for a traveller's bungalow even if additions and alterations are actually made to improve the present bungalow.

3. The Deputy Commissioner was consulted in the matter: and he is also of opinion that a suitable traveller's bungalow like the one newly built at Kolar be erected on a proper site and so the present bungalow may be advantageouly converted into quarters for the Lady Apothecary and the cost of this work would be about Rs 1,000/- only

4. I may add the cost of a new traveller's bungalow would be about Rs 10,000/-.

5. Plans and estimates for both the works would be prepared and submitted as soon as the proposals are duly approved.

marked Part I and II and to state that
after a close study of the locality,

I am in favour of S. No: 206 as a better site for the construction of the new Travellers Bungalow, than the one proposed in this office letter no: 5937/282 dated 15th February 1912. Unlike the latter, which would be situated in the midst of buildings, those to the west and South being Hospitals, the site now selected by me would be away from other buildings, with a very nice view over the fields and surrounding country & close to the Bellary Road. Survey no: 206 is a devadaya Inam of an extent 3 acres and 7 guntas and in case Government should approve of it, steps will be taken

to acquire it.

The direction of the winds has been marked in sketch No: II.

To

The Secretary to the Government of
H. H. the Maharaja of Mysore,
General and Revenue Dept.

SUBJECT.

Requests him to provide a sum of Rs. 10,000/- in the ensuing year's budget for the construction of a new Travellers' Bungalow on a site close to the Bellary Road, in lieu of the present 2nd Class Travellers' Bungalow at ~~Hikkampalya~~ Ballapur & to submit a plan & estimate therefor early.

Returned with the intimation that a project for constructing a new building has been called for from the Superintendin Engineer, Northern Circle, and it will be duly disposed of by this Department on its receipt.

2. As the Government orders on the subject were received long after the Public Works Budget estimates for 1913-14 had been submitted to Government, it was not possible to provide for the work in the Budget. An endeavour will, however, be made to include the work in the General Re-appropriation Statement.

H. Krishnaiyar
Deputy Chief Engineer of Mysore.

Read:-

(1) Government Proceedings No. G.7483-4/G.M.129-11-38 dated the 24th May 1913, conveying approval to the construction of a first class Travellers Bungalow at Chickballapur on a site close to the Bangalore-Bellary road.

(2) Note dated the 5th December 1914 by the Public Works Secretary submitting for sanction an estimate amounting to Rs 19,400 for constructing a first class Travellers' Bungalow at the place.

DIARY No. 5840

fm 7 129 9 11-12 58 40

No. 85-7 / 407-9 Dated Bangalore, 11th January 1915.

ORDER THEREON:- As the existing second Travellers' Bungalow at Chickballapur is reported to be incommodious and unsuited to present requirements, Government have been pleased to sanction the accompanying estimate amounting to Rs 19,400 for constructing a first class Travellers' Bungalow at the place.

2. The type design has been slightly modified in the following respects, as the additions are considered very necessary and their need is specially felt when members of Government are on tour:-

(1) Addition of two passges on the two sites of the central hall.

(2) Provision of double native kitchen.

(3) A motor shed in the outhouses.

3. After the completion of the new building, proposals for - - utilising the existing bungalow may be submitted for the orders of Government.
